

# 10<sup>th</sup> Russbach School on Nuclear Astrophysics

## Second Circular

Dear colleagues,

The 10<sup>th</sup> Russbach School on Nuclear Astrophysics will take place at the village of Rußbach am Paß Gschütt, southeast of Salzburg, Austria. The school will take place from March 10 (arrival) to March 16 (departure) 2013. This school belongs to the European Network of Nuclear Astrophysics Schools (ENNAS), a network made by the four European schools on nuclear astrophysics and related areas (the Santa Tecla, the Sinaia, the Russbach and the Azarquiel schools). We shall limit the number of participants to about 60 to ensure a convivial atmosphere, and the possibility to share dinners between all participants.

Keeping its tradition, the school will provide a discussion forum on various experimental and theoretical topics in astrophysics, astronomy, cosmochemistry and nuclear structure, with the aim to raise mutual interest and to teach students and young postdocs in the truly interdisciplinary realm of "nuclear astrophysics". The school will be organized in major topical sessions, with dedicated time for basic introduction, presentations of the various aspects of the topic, and ample time for discussions and out-door activities in the Dachstein West mountain region. (see [www.dachstein.net](http://www.dachstein.net), [www.russbach.info](http://www.russbach.info), [www.tiefschnee.com](http://www.tiefschnee.com)).

So far, the following colleagues have agreed to give lectures are:

A. Banu (JMU Virginia)  
S. Cherubini (LNS Catania)  
S. degl'Innocenti (Univ. Pisa)  
R. Diehl (MPE Garching)  
\*J. Duprat (CSNSM, Orsay)  
M. El Eid (Univ. Beirut)  
P. François (Obs. Paris-Meudon)  
F. Gulminelli (LPC Caen)  
M. Göger-Neff (TU Munich)  
W. Hillebrandt (MPA Garching)  
C. Iliadis (Univ. North Carolina)  
T. Janka (MPA Garching)  
T. Kajino (Univ. Tokyo)  
\*P. Kroupa (Univ. Bonn)

Y. Litvinov (GSI, Darmstadt)  
J. -C. Lanfranchi (TU Munich)  
\*P. Möller (LANL)  
E. Müller (MPA Garching)  
F. Primas (ESO Garching)  
R. Reifarth (Univ. Goethe Frankfurt)  
S. Rosswog (Univ. Stockholm)  
F. Roepke (Univ. Würzburg)  
I. Seitenzahl (Univ. Würzburg)  
L. Trache (Bucharest / Univ. Texas A&M)  
F.-K. Thielemann (Univ. Basel)  
W.B. Walters (Univ. Maryland)  
A. Weiss (MPA Garching)  
*\* to be confirmed*

In addition to the lectures, 20 min contributions by students, postdocs or young researchers will be selected for presentation.

We have been able to negotiate a good price for the accommodation at several hotels and pensions in Russbach. The expenses for the school, including half board (breakfast and dinner), will be about **300 €** per person in twin-room accommodation and about **350 €** in a limited number of single rooms. For families with children, we will try to provide (a few) apartments. In addition, we will ask for a modest registration fee of **150 €** for senior scientists, **80 €** for post-doctoral researcher, **50 €** for PhD students. Payment of the registration fees must be done by cash, while payment for the hotels can be done by credit card, IBAN money order or cash before departure.

**Registrations** are opened **until Friday January 18** at the web-site:

<http://russbach-wks.sciencesconf.org>

Please note that, as the number of places is limited, early registrations are encouraged. **Abstract** will be considered until **January 18** using the same web-site. In case of peculiar demands, you can contact us at 'russbach-wks@sciensesconf.org'.

A limited number of grants is foreseen, and priorities will be given to students and young postdocs. You are encouraged to send requests for partial financial support in the registration form.

We shall proceed in the booking of the hotels for participants, based on the information (dates of arrival/departure, room occupancy) provided with your registration.

The 3<sup>rd</sup> circular will provide in February 2013 a detailed information about travel options as well as the preliminary program.

We are looking forward to welcoming you in Russbach,

The Organizers, K.-L. Kratz, O. Sorlin and S. Bishop
